NATIONAL GUARD, 1992- 1998

Served 6 years in the WI Army National Guard as Armorer/Supply Specialist. E4 rank.

Work Experience

MOBILE UX DEVELOPER

Bank of America | Jan 2010 - present

I am a part of a mobile development team with a focus on developing B2B mobile web site applications compatible with a wide range of devices. I work with the UX team's UI specifications to create the presentation layer HTML, CSS and JS and assist the Java team with integration.

INTERACTIVE DESIGNER

U.S. Bank | Sep 2009 - Dec 2010

I was a member of the User Experience Group at U.S. Bank working closely with other Interactive Designers and Information Architects to design web interfaces and implement the graphics, HTML, CSS and JavaScript (jQuery). This included the ongoing process of establishing a design pattern and component library/framework for the bank.

FREELANCE CONTRACT DESIGNER/DEVELOPER

Ongoing

Recent projects have included iPhone App design, interface design for a national plumbing fixture manufacturer's B2B web site, front end HTML and CSS production for a Wisconsin based hospital and clinics network and logo designs for several up companies. Past projects include logo designs, custom CMS tool development, and information architecture diagramming/prototyping of both desktop and web applications/sites.

REELZCHANNEL.COM (HUBBARD BROADCASTING), ST. PAUL, MN

UI Developer | Nov 2008 - Apr 2009

Worked on a 4 person Agile Development team to design and develop features and enhancements that focused on improving user experience and, in turn, increasing user traffic. Primary duties were HTML and CSS design and production and integration with the jQuery JavaScript library and a C#/MS SQL back end system. The team in the span of less than a year was able to increase organic traffic from 20% of all site visitors to 50% exceeding business projections.

MINNESOTA JUDICIAL BRANCH, ST. PAUL, MN

Web Designer and Developer | 2002 - 2008

I worked with the communications group and information technology to help with strategy, design, development and maintenance of web solutions for the organization. Projects included design of the public web site for the 10 judicial districts and writing a custom content management system to manage it, building internal data tracking web applications for departments, developing the Judicial Branch's first logo and branding guidelines and acting as a technical lead in the rollout of Microsoft Office SharePoint Server 2007.

FRIXSION, MINNEAPOLIS, MN

Interactive Director | 2001

Frixsion was a design firm focusing on print, interactive, motion graphics and exhibit design. As Interactive Director, I was responsible for all aspects of web site design and production. I also contributed to identity and print design projects. Projects included a Flash based marketing tool for a medical software company with voice overs and animation (thereby reducing companies on-site demos from 3 days to 2 days cutting significant costs), a branding system and web site implementation for a consumer products company, and web site creation for an energy company's marketing department.

BLINC PUBLISHING, ST. PAUL, MN

Interactive and Graphic Designer | 1997, 1999 - 2001

I was responsible for all aspects of web site design and production including visual design, information architecture, interface design, HTML/Graphic production and vendor coordination to implement back end infrastructures. Other responsibilities included identity and print design projects, including letterpress design and printing. Projects included a web site for Arianna Huffington, logos for Ralph Nader and corporate intranet sites for clients such as 3M and Wells Fargo.

LARSEN DESIGN, EDINA, MN

Interactive Designer | 1997 - 1999

Web site design and implementation including HTML production, visual design, interface design, information architecture, and technical vendor coordination. Also initiated and coordinated an internal staff committee to evaluate and propose a new interactive work flow and organization structure within the company.

CORRIDOR DESIGN, EAU CLAIRE, WI

Graphic and Web Designer | 1996 - 1997

Duties consisted of the design and implementation of client's web sites. Other duties included logo designs, client presentations and general day-to-day operations of the firm.
